

Camino Muerto

The Growlers

He's there but he ain't home
Someone get his cornerstone
His life ain't in your hands
Only he knows what death demands

Use your heart but do not dread
Some things are better off left dead

If he falls far enough
Maybe he can bounce back up
Don't cushion with love
If you care then let him drop

Use your heart but do not dread
Some things are better off left dead

His emotions ain't glowing
Rip the skin off of his bones
Tell me what you see
Nevermind don't tell me

Use your heart but do not dread
Some things are better off left dead

Leave him alone
He's on his own
Leave him alone

Cielito lindo Camino Muerto
Cielito lindo Camino Muerto
Cielito lindo Camino Muerto
Cielito lindo Camino Muerto

Oooh his path ain't up to you
Ooooooh get out of what he do
Oooh

Death is to his left
Death is to his left

He's there but he ain't home
Someone get his cornerstone
Use your heart but do not dread
Some things are better off left dead

His emotions ain't glowing
Rip the skin off of his bones
Tell me what you see
Nevermind don't tell me
Use your heart but do not dread
Some things are better off left dead
