

The Moaning Man From Shanty Town

The Growlers

Everything I think I know
Don't make me certain, I am sure
Please lift this heavy curtain up high
Right when I die, right when I die
Ooooh

Oh don't just keep me happy
I am not worried, I just smile
I see no threat in being honest
And living wild, and living well

I see reactions and I do not react
I live by faith and don't care about fact
I live by faith and don't care about fact
