

Song Of The Dog

The Guess Who

Gonna leave the city
Leave my woman troubles far behind
Gonna leave the city
Leave my woman troubles far behind
One time she say she love me
Next day treat me so unkind....

I hop down to the station
Get me a leavin' ticket just one way
I hop down to the station
Get me a leavin' ticket just one way
One time she say she love me
Next day say, "little boy, go away."
