## When Friends Fall Out

## The Guess Who

The lone wolves howl
On Moonlight Bay
Dark moon is out
When friends fall out
When friends fall out

Birds aren't alone You've past all doubts Their world has grown When friends fall out When friends fall out

A journey is plastic for Someone who's walking on air He falls through elastic and There is no net waiting there And it's so nice to be home again So nice to be home again Where I belong

No night, no day
No in, no out
No work, no play
When friends fall out
When friends fall out (listen to me talkin')
When friends fall out (Baby, you got nothin')
When friends fall out
And it's so nice to be home again
So nice to be home again
Where I belong.
