

# A Devil In The Woods

The Gun Club

I may be  
just like Bill  
I'm up on the hill  
and I can't get down

I cry because you don't know  
I cry because you will never know

just how dark can an animal be?  
how dark can an animal be?

Dark like darkness  
dark like a devil out in the woods now

I saw the light  
that just buzzed  
I saw the light  
but, my brain just buzzed

I cry because you never know  
I cry because you will never know

just how black can an animal be?  
how black can an animal be?

Dark like darkness  
dark like a devil out in the woods now

Train  
Train I ride  
train I ride  
ride on me  
ride on me
