

Emily's Changed

The Gun Club

Your bus just broke down
Must have been 12th and A
You ran in a bar
This must be Emily's place

One foot in the light
The other foot in the dark
The eyes of a bat
And the mouth of a shark

But, Emily's changing her part
Emily's changing her role again

She's just a stranger
But, she feels about the same again

Emily's changed
