

# House Is Not A Home

The Gun Club

We used to be forever partners  
we swore we'd never separate

oh, I didn't see it changing

Now, a house is not a home  
I'm out in the street tonight  
a house is not a home  
I'm without a dream tonight

We used to be sister and brother  
then came lovers and then came pain

oh, I tried to change it

Now, a house is not a home  
I'm out in the street tonight  
a house is not a home  
I'm without a dream tonight

Love and tears bound us together  
I fought the men to protect her

oh, I couldn't understand it

Now, a house is not a home  
I'm out in the street tonight  
a house is not a home  
I'm without her heat tonight

Now, I unravel onto the floor  
Hearts are spilled onto the floor

oh I, I couldn't change it

Now, a house is not a home  
I'm the one degraded  
a house is not a home  
all of life has faded
