

The Body

The Gutter Twins

Breathe, wake your lungs
I'm falling fast, no air will come
I think I've gone too far this time
I crashed the car, I crossed the line

Scream, no one home
No more light, no more me

Comes the day, call my number
Sight unseen, I am your brother
Waste not for those who don't want it
What I want is très verboten

Sleep, close my eyes
Wake the ghost, shake the lie
Shake the lie, shake the lie
Unchain time, unchain time

So long
I have begun to set the sun
I'll rise again to catch the dawn
So sorry that I had to run so

Dream, close your eyes
I was done, you're alive
You're alive, you're alive
You're alive, you're alive
