The Body

The Gutter Twins

Breathe, wake your lungs I'm falling fast, no air will come I think I've gone too far this time I crashed the car, I crossed the line

Scream, no one home No more light, no more me

Comes the day, call my number Sight unseen, I am your brother Waste not for those who don't want it What I want is très verboten

Sleep, close my eyes Wake the ghost, shake the lie Shake the lie, shake the lie Unchain time, unchain time

So long I have begun to set the sun I'll rise again to catch the dawn So sorry that I had to run so

Dream, close your eyes I was done, you're alive You're alive, you're alive You're alive, you're alive
