

# Eternal Damnation Of The Soul

The Hat

Wandering in solitude  
Finding my path  
The forest surrounds me  
Darkness, death and despair

My hatred towards humans  
Keeps me alive  
I will keep on killing  
Till the end of time

I obey my bloodthirst  
And search out my victims  
My legion with evil  
Will be the end of mankind

Glorious massive murder  
Leaves blood on my hands  
As a messenger from hell  
I fulfill my destiny

Embrace hate  
Embrace murder  
Embrace war  
Embrace the eternal damnation the soul
