

# Slaves Of Insanity

The Hat

I am dead but not finished  
Driven by rvenge. Her  
dreams consist of panic and  
anxiety. Invisible to her eyes

but not to her subconscious.  
She feels my presence and  
obeys my words. I strive to  
break down all humanity.

My orders resulting in chaos.  
She's a slave to my dictatorship.  
Unable to withstand my  
voice of insanity.

My legion of disposable bodies, fulfilling my macabre  
vision. The throne of my Empire built with human skulls
