

Imperial Death March

The Haunted

Left! Right!
Eyes forward!
The infinite must be
controlled (by lesser men).
A raging chaos burns inside.
Pay tribute, kneel before this throne;
Death; Supreme divinity.
Master; Death
Imperial. Lord. Insanity

"See these bright young men and
women gladly go to face
the unseen trials of what our enemy
might have in store for them
There is no terror too great
for these aspiring youths,
marching onward to protect
our joyful future
for the love of God and Country..."

Prepare the sacrifice;
The firstborn is the lamb.
Consume the offspring;
The innocent and the weak.
Caesar Caligula we yield to thee...
Caesar Caligula;
Endless and complete.
