## **Rhythm & Blues**

## The Head and the Heart

Ain't it nice to be so lucky Ain't it nice to be so loved Oh come on darlin' won't you let me Won't you let me drive you home

'Cause I've had the rhythm and blues since the day you met me Stepped on my blue suede shoes, watch Elvis go crazy Oh come on darlin' won't you let me Won't you let me turn you on

'Cause no one likes to be so lonely No one likes to feel alone Oh come on darlin' won't you let me Won't you let me drive you home I'll drive you home

Oh come on darlin' won't you let me Won't you let me turn you on

I know my faithful mind is so blind
I've been running out on everyone and everything 'til now
If it's Monday or Sunday

Well I've got the rhythm and blues since the day you met me Stepped on my blue suede shoes you made Elvis go crazy Oh come on darlin' won't you let me Won't you let me turn you on
