

# Panic Attack

The Heavy

Any morning it's going slow  
Cup of coffee and I'm good to go  
Taxi cab with the rest of the pain  
On my way to oppress the men  
I can't swallow, I can't speak  
I feel sick and I look like shit  
Heart pumping like a big bass drum  
Hold on, baby, here it comes

It's a...  
Panic attack!  
Panic attack!  
Cold sweat runnin' down my back

(It's a...)  
Panic attack!  
Panic attack!  
Straight ahead, never coming back

Panic attack!  
Panic attack!  
Can't breathe, everything gone black

(It's a...)  
Panic attack!  
Panic attack!  
Straight ahead, never coming back

Overnight from JFK, see the light, I'm on my way  
At the back in the middle row, 30,000 ft. below  
I got the terror, I got the fear  
All [?] for my time in need  
Heart bumpin' like a loaded gun, hold on, baby here I come...

It's a...  
Panic attack!  
Panic attack!  
Cold sweat runnin' down my back

(It's a...)  
Panic attack!  
Panic attack!  
Straight ahead, never coming back

Panic attack!  
Panic attack!  
I can't breathe, everything gone black

Panic attack!  
Panic attack!  
Straight ahead, never coming back

The leaves have fallen (ooh)  
The tears have gone (ahh)  
The bees are swarming (ooh)  
The wounding blow (ahh)  
There's no use running (ooh)

Nowhere to hide (ahh)  
You just can't keep it down (ooh)  
The beast inside!

Panic attack!  
Panic attack!  
Cold sweat runnin' down my back

(It's a...)  
Panic attack!  
Panic attack!  
Straight ahead, never coming back

Panic attack!  
Panic attack!  
I can't breathe, everything gone black

(It's a...)  
Panic attack!  
Panic attack!  
Straight ahead, never coming back

Panic attack!  
Panic attack!

Panic attack!  
Panic attack!

Panic attack!  
Panic attack!

Panic attack!  
Panic attack!  
Straight ahead, never coming back
