

Baby Borderline

The Hellcopters

Oh honey
Goes to work and looks sedate
But honey
She will help you hours late

If she offered
There's no way you'd decline
Now won't you please
Meet baby borderline

Oh baby
She says baby don't you weep
Yeah baby
She's got things that make you sleep

You want it
Connections you don't know
But baby borderline
I'll swear to go

Baby borderline, yeah, baby borderline
Baby borderline, yeah, baby borderline

Oh honey
Well, she's got some things for you
Yeah honey
And she'll have some of it too

Try kick it
You wanna make it stop
But baby borderline
Will always help you cop

Baby borderline, yeah, baby borderline
Baby borderline, yeah, baby borderline

Baby borderline, yeah, baby borderline
Baby borderline, yeah, baby border, line
