

## Bring it on home

The Hellacopters

Gimme flowers and birds in the trees  
Gimme cute, the spice and the sweet  
Gimme righteous but not too much  
And a tender touch

Gimme god and the holy ghost  
Peanut butter and jelly on toast  
Gimme the blood of my enemies  
Just give it to me

Bring it on home baby  
Why don't you just bring it on home  
Bring it on home

Gimme truth gimme nice and polite  
Gimme honest, patient and right  
A brand new car and some hope  
Get rid of all the dope

Gimme sunshine, blue skies and green  
Gimme unleaded gasoline  
Gimme friends who never decieve  
Just give it to me

Bring it on home baby  
Why don't you bring it on home  
Bring it on home
