## The Hellacopters

I know where I come from  
Sands of the fatherland  
I'll face any battle  
Though I don't understand

I pledge the allegiance  
The flag I wave tonight  
Not only am I grateful  
But it's also worth a fight

I'm taking sides  
On a shaky ride  
And you wanna know  
What's this thing called pride

I read the Bible  
And even though I must admit  
I need some guiding through it  
The parts that I don't get

I'm taking sides  
On a shaky ride  
And you wanna know  
What's this thing called pride, pride

I'm taking sides  
Into shaky ride  
And you wanna know  
What's this thing called pride

Pride, pride  
Pride, pride  
Pride
