

Such A Blast

The Hellacopters

Can't stay out, I gotta get in
Into my car an' go for a spin
Oh, man, it just feels so great
To drive that good ol' V8 yeah

I crank up the music on the radio
An' I don't care for nothin' else
I got a need to drive so fast
I just hope it last and it's such a blast

Can't stay here, gotta get in gear
Get my ass a long way from here
I really haven't got much to lose
So it's not at all hard to choose

I crank up the music on the radio
An' I don't care for nothin' else
I got a need to drive so fast
I just hope it last and it's such a blast
Such a blast baby

Can't stay inside, I know I should
Get some action under the hood
I'll go 200 miles an hour
With my 300 horsepower

I crank up the music on the radio
An' I don't care for nothin' else
I got a need to drive so fast
I just hope it last and it's such a blast

And it's such a blast
Yeah, it's such a blast
Yeah, it's such a blast
Oh, yeah, wow, wow
