Valentine's Delay

The Higher

The clock is running out of time again, I said and I need to feel important Reaching up I gotta get this of my chest, They call this a final warning I'm so tired, but I cannot fall asleep I'm so hungry, but I cannot bring myself to eat I'm holding on to what I wanted way back when The emotions gone, is it the way it should have been The stories are drawn, do we erase or just fill in All the blanks that are one, it's a fabricated mission Calm and quiet like a picture to the final floor She waits the silk seductress Does she know I don't wanna stay I could never say that's its time to move on

I never said, that I wanted to be saved Pass the shovel here I am to help you dig my own grave And I cannot wash away this sand, cause im down and and pinned In a position I never wanted into anyway All I got to give to get to gain is gone And a little frustration, you set yourself up for this thought she says It's too late because I'm already finished all the poison

Hey pretty baby I saw that you like to smile You know that it takes a while, to take some risks And I don't think that I could ever get another chance like With a murderous taste upon my lips, never really made much sen se And such a gentle sin is this, made up for time we had spent Overdue in a place we never knew, and in a place we'd never bee n I'd rather be alone and love to be forgotten

(I'd love to be forgotten) (4x)

I never said, that I wanted to be saved Pass the shovel here I am to help you dig my own grave And I cannot wash away this sand, cause im down and and pinned In a position, I never wanted into anyway
