Thinking

The Hippos

I can't stop thinking while I'm on the can Your eyes pop in my mind again and again Oh Annie, why can't you understand Every night I dream about being your man

But every time I come up to you My throat turns dry, I'm tripping on my shoes I don't know what I'm gonna do I don't know what I'm gonna do

Cause I think I have fallen in love with you Cause I think I have fallen in love with you It's true

Wishing that you'd come up to me You're always on my mind, you're driving me crazy I'm missing your personality You're always on my mind, you're making me lazy

But every time I come up to you My throat turns dry, I'm tripping on my shoes I don't know what I'm gonna do I don't know what I'm gonna do

Cause I think I have fallen in love with you Cause I think I have fallen in love with you So please, oh please won't you tell me that you love me too
