

Go Right Ahead

The Hives

Yeah
Go right ahead
Go, go, go, go right ahead
Roam the streets in a uniform
(Go right ahead)
Find a bull and you grab the horns
(Go right ahead)
Scream your head off at the day you were born

Go right ahead
(Go, go, go)
Go right ahead

Here's a secret keep it tight
(Go right ahead)
It's California late at night
(Go right ahead)
We're gonna drink, fucking fight all night
Go right ahead
Go!

Is it right or wrong?
You never know it
Soldiers come along
I'm gonna show it
Our god is a sinner, our king is a con
The room's about to crumble as I burst into song
Go right ahead
You gotta go from A to Z from
when you're born until you're dead
Go right ahead
(Go, go, go)
Go right ahead

Like a tiger breaking out of the zoo
(Go right ahead)
Do anything that you wanna do
(Go right ahead)
The rumours you heard, they were all true
Go right ahead
Go!

Is it right or wrong? You never know it
Soldiers come along
I'm gonna show it
Our god is a sinner, our king is a con
The room's about to crumble as I burst into song
Go right ah...

Go right ahead
(Go right ahead, go, go right ahead)
Go right ahead
(Go right ahead
Go right ahead
You gotta go from A to Z from
when you're born until you're dead

Go right ahead

Run around in a uniform

(Go right ahead)

Find a bull and you grab the horns

(Go right ahead)

You scream your head off from the day you was born

Go right ahead

Go right ahead!
