

Little Lil

The Hives

Hi Little Lil, you got me hanging on a string
hi little lil little lil little lil little lil little lil littl
e lil little lil, you make my heart sing.

Hi little lil little lil running down the hill
she got into the top with the
she big tears dropping from her eyes
she told me what happened but little lil lied.

Oh Little Lil, you got me hanging on a string
hi little lil little lil little lil little lil little lil littl
e lil little lil, you make my heart sing.

Oh yeah!

Hi little lil little lil running down the hill
she got into the top with the
she big tears dropping from her eyes
she told me what happened but little lil lied.

Oh Little Lil, you got me hanging on a string
hi little lil little lil little lil little lil little lil littl
e lil little lil, you make my heart sing.
