

I've been around the world I take credit for the things I've done.  
I've done a lot of things and I just turned 21.  
They tied me up put red tape around my hands.  
I got caught in the web cause I didn't stand a chance.  
I can't control the state I'm in - Go back in line and repeat it again.  
I said "Please Mr. Doctor" won't you cure my disease.  
I got a sore throat and I got scrubs on my knees.  
No matter what I do I can't get it straight.  
I tried to sort things out but I'm still stuck in the state.  
I can't control the state I'm in - Go back in line and repeat it again.  
Can't control the state I'm in - Go back in line repeat again.  
I'm gonna lie, I'm gonna cheat.  
I'm gonna follow their lead then skip a beat.  
I'm gonna lie, I'm gonna cheat and if that don't do it I don't know what will.  
I'm gonna lie I'm gonna cheat.  
I'm gonna follow their lead then skip a beat. I'm gonna lie,  
I'm gonna cheat.  
I can't control the state I'm in - Go back in line and repeat it again.
