

Theme from...

The Hives

Empty words fired at me with an oral
cannon

WE WANNA BE HEARD!

Lousy jerks such bad breath I put the fan on
This is where we draw the line we're
sick of you wasting all our time

Talking about you you're given
something to revolve

WE WANNA BE SEEN!

You're given a clue a three piece
puzzle for you to solve

This is where we draw the line we're
sick of you wasting all our time

Game over you have played out your last card

WE WANNA DISAPEAR!

Constant looser a change for the better can't be that hard

This is where we draw the line we're
sick of you wasting all our time.
