

# Cops And Robbers

The Hoosiers

If we catch a criminal  
When we catch a criminal  
There's nothing we can do  
But play cops and robbers  
Cops and robbers

We're at a revolution  
And we're baying for your blood  
We're laying down the law  
And your name's mud

You'd like to be a member of the human race  
You want to be a good boy  
But you couldn't stand the taste

Blame Simon  
Because he said  
You've got two lives down  
And one life left  
Blame Simon  
Because he said  
You could think better with a hole in your head  
You could think better with a hole in your head

If we catch a criminal  
When we catch a criminal  
There's nothing we can do  
But play cops and robbers  
Cops and robbers  
If we catch a criminal  
When we catch a criminal  
There's nothing we can do  
But play cops and robbers  
Cops and robbers

Catch a revolution  
Now your waging war again  
Marching on the spot when you should have made amends  
Cause you say you fight for us  
Cross your heart and hope to die  
You're the bully in the playground and we'll hang you out to dry

Blame Simon  
Because he said  
You've got two lives down  
And one life left  
Blame Simon  
Because he said  
You could think better with a hole in your head  
You could think better with a hole in your head

If we catch a criminal  
When we catch a criminal  
There's nothing we can do  
But play cops and robbers  
Cops and robbers  
If we catch a criminal

When we catch a criminal  
There's nothing we can do  
But play cops and robbers  
Cops and robbers  
If we catch a criminal

Line them up against a wall and shoot them all  
Oh oh oh

If we catch a criminal  
When we catch a criminal  
There's nothing we can do  
Play cops and robbers  
Cops and robbers  
If we catch a criminal  
When we catch a criminal  
There's nothing we can do  
Play cops and robbers

If we catch a criminal  
There's nothing you or I can do

Line them up against a wall I'll get a gun and shoot them all
