## The Hoosiers

Sense never seemed to make sense to me.  
Sense never seemed to make sense to me.  
Not the sense you administer repeatedly.  
I fled to the hills so I could clear my mind.  
I couldn't swallow the pills that I was prescribed.

People didn't always like each other Did they?  
People din't always get along.

I read the news but it wasn't good,  
Because the bad guys won when the good guys should.  
Was it I told you that the worlds not flat,  
Tell the beautiful source can it be taken as fact.

People didn't always get along though did they?  
People didn't always like each other did they?

Ooo you know you'd never get to find out anyway.  
The game plays us for rules.  
You know you'd never get to have the final say.  
You'll get to make the rules.

People always looking for something they can't find.  
One mans fact's anothers trick of the mind.

One man falls another takes his place.  
He chases the win until the end of his days.
