

# Somewhere In The Distance

The Hoosiers

You've got a lot of nerve  
To try and bring me down  
Maybe you haven't heard  
That's not the way we run this town  
Cos when the times are tough we turn them round

We've got a lot to lose  
The stakes are staggering  
But we don't choose to use  
The brakes that only ground us down  
No, when the times are tough we'll turn them round

Cling onto that sweet, sweet hope  
Somewhere in the distance  
You know that there must be somebody  
Somewhere in the distance

How dare you be so bold  
Despite the love we found  
To let your blood run cold  
In the heat of battle we built this town  
Cos when the times are tough we'll turn them round

So make hay while the sun shines on your face  
Cos you're young, but only once  
It's OK, life won't stop if you make mistakes  
Cos your luck is gonna change

Cling onto that sweet, sweet hope  
Somewhere in the distance  
Hang onto that sweet, sweet hope  
That somewhere in the distance  
You know that there must be somebody  
Somebody for you  
Somewhere in the distance

Cos when the times are tough we turn them round  
Somewhere in the distance  
(Cos when the times are tough we turn them round)  
You know that there must be somebody  
Somebody for you

Cling onto that sweet, sweet hope  
Somewhere in the distance  
Cling onto that sweet, sweet hope  
That somewhere in the distance  
You know that there must be somebody  
You know that there must be somebody  
You know that there must be somebody  
They're just out of view  
Somewhere in the distance
