

Just A Lie

The Hope Conspiracy

I spilled my guts
Don't why you know I'd "KILL FOR YOU"
Through years and broken hearts
I bled it true
Yet every drop of faith
Becomes a sea of pain
The storm on the view
A darkness over me
Dead from the onset
And I can't break free
I spilled my futs
Did you think I'd "CRY FOR YOU?"
Through years and broken hearts
I bled it true
TRUE!
TRUE!
Her hearts not true
Knives in out backs
Stabbing till the end
It's all just a lie
And you're
Just a lie
Love has no meaning
When there's nothing left inside
