

They Know Not

The Hope Conspiracy

And so they feed
All the pigs in a row
Row after row
They stick their noses deep
Deep in the shit
The shit they are thrown
Guilty, they're all guilty
Guilty fucking pigs

The past never dies
And history never lies
Or so I've been told
My faith in man has broken
My faith in god was stolen
I see this world's illusions
Through bitter eyes

They feed like pigs
On greed and lies
Noses pressed
In the shit

Guilty, we're all guilty
Guilty fucking pigs.
