## Something to Remember Me By

**The Horrors** 

Memory revolving The fear of letting go The arrow of acceptance The moment when you know, you know, you know And when the answers only divide When you never question the doubts in your mind When the distance grows but the end is in sight Nothing left to lose when there's nothing left to find

Now, all that's left behind Something to remember me by Oh, the fear, the slow divide Something to remember me by, by All the silent signs Something to remember me by Two sides, a double life Something to remember me by, by

I've gone too far this time But chances come and go You say that I believe my lies But now you'll never know, you know you won't And when the answers only divide Walking in a crowd and I leave you behind Back into the dark with the lions of night Nothing left to lose when there's nothing left to find

Now, all that's left behind Something to remember me by Oh, the fear, the slow divide Something to remember me by, by All the silent signs Something to remember me by Two sides, a double life Something to remember me by, by

Now, all that's left behind Now, the fear, the slow divide Seeing all the silent signs Something to remember me by Now, all that's left behind Now, the fear, the slow divide Seeing all the silent signs Something to remember me by, by Something to remember me by, by
