

Breaking The Chains

The Human League

It really doesn't matter what I'm doing here
There's a wire on you, you can't disappear
A rebel at heart could never pass by
Reality bites stand your ground and defy
It really doesn't matter what I'm doing here

Wild at heart can't stop breaking the chains
Wild at heart got to break them again
Wild at heart can't stop breaking the chains
Wild at heart breaking the chains

It really doesn't matter what they've got on you
If you quit the competition you can never lose
Bound by nobody's rules kick the barriers through
Stand apart from the crowd do what you have to do
It really doesn't matter what they've got on you

Wild at heart can't stop breaking the chains
Wild at heart got to break them again
Wild at heart can't stop breaking the chains
Wild at heart breaking the chains
Wild at heart can't stop breaking the chains
Wild at heart got to break them again
Wild at heart can't stop breaking the chains
Wild at heart breaking the chains

It really doesn't matter what I'm doing here
Can't stop breaking the chains can't stop breaking the chains

Wild at heart can't stop breaking the chains got to break them
again
Can't stop breaking the chains breaking the chains
Wild at heart can't stop breaking the chains got to break them
again
Can't stop breaking the chains breaking the chains
You can't stop breaking the chains
You can't stop breaking the chains
You can't stop breaking the chains
You can't stop breaking the chains
