Empire State Human

The Human League

Since I was very young I realised
I never wanted to be human size
So I avoid the crowds and traffic jams
They just remind me of how small I am
Because of this longing in my heart
I'm going to start the growing up
I'm going to grow now and never stop
Think like a mountain, grow to the top

Tall, tall, tall, I want to be tall, tall, tall
As big as a wall, wall, wall, as big as a wall, wall, wall
And if I'm not tall, tall, tall, then I will grow, grow, grow
Because I'm not tall, tall, tall, tall, tall, tall, tall, tall
Tall, tall, tall, I want to be tall, tall, tall
As big as a wall, wall, wall, as big as a wall, wall, wall
And if I'm not tall, tall, tall, then I will grow, grow, grow
Because I'm not tall, tall, tall, tall, tall, tall, tall, tall

With concentration
My size increased
And now I'm fourteen stories high
At least!!
Empire state human
Just a bored kid
I'll go to egypt to be
A pyramid

Tall, tall, tall, I want to be tall, tall, tall
As big as a wall, wall, wall, as big as a wall, wall, wall
And if I'm not tall, tall, tall, then I will grow, grow, grow
Because I'm not tall, tall, tall, tall, tall, tall, tall, tall
Tall, tall, tall, I want to be tall, tall, tall
As big as a wall, wall, wall, as big as a wall, wall, wall
And if I'm not tall, tall, tall, then I will grow, grow, grow
Because I'm not tall, tall, tall, tall, tall, tall, tall, tall

Brick by brick
Stone by stone
Growing till he's fully grown
Brick by brick
Stone by stone
Growing till he's fully grown
