

Rock Me Again And Again And Again And Again And Again And Again

The Human League

Take your time and make me love you good
Take your time and make me love you good
Take your time and make me love you good
Take your time and make me love you good

Love me 'til I want no more
Make me feel the spirit 'til I have to go

Rock me again and again and again and again and again and again
Rock me again and again and again and again and again and again
Rock me again and again and again and again and again and again
Rock me again and again and again and again and again and again

Show me what you feel when you hold me close
Let me see you twist and give me a sexy dose

Rock me again and again and again and again and again and again
Rock me again and again and again and again and again and again
Rock me again and again and again and again and again and again
Rock me again and again and again and again and again and again

Rock me baby, make my face get soaking wet
Rock me, Lord baby, 'bout to work me to death
Rock me baby, like my back ain't got no bone
Rock me good, good bad, then leave me alone

Rock me again and again and again and again and again and again
Rock me again and again and again and again and again and again
Rock me again and again and again and again and again and again
Rock me again and again and again and again and again and again
