

## All I Need

The Icarus Account

I am lost I'm alone I have no place to go  
Oh God could you carry me home  
You're the God who can save yet I still run away  
I'm a prodigal with no faith

Your Love is all I need

And I know just what to say I know what to do  
Do I have no faith in You?

Your Love is all I need

Carry Me Home  
Come and come and carry me home  
Your Love is all I need
