

# Sunshine And Rain

The Icarus Account

Sitting in silence  
Trying to fight this  
Trying to make it last

And I don't understand how  
Love can be so hard  
Why does it hurt so bad

Close to the skin  
Fragile and thin  
Hold her  
Hold her

Wait for me still  
One day I will  
Love her  
Love her  
Love her

So many things that  
I want to tell you  
But nothing is coming out right

Like you are my sunshine  
And you are my rain  
Ooooooh

Clever mistakes  
One day I'll break  
Hold me  
Hold me

Wait for me still  
Tell me you will  
Love me  
Love me

Wait For Me

Darling wait for me again

And she's building me up  
And she's breaking me down  
Too much to see what she's done to me  
And she's oh such a thief  
With my heart on a string  
She said to me  
Please Don't Leave  
Again...

Cause you are my sunshine and you are my rain...
