

You

The Icarus Account

Falling in love seems easy to do
I guess I was scared because I knew it was you
But I'm leaving my doubts
And I'm figuring out
That I've been playing the fool
When all I wanted was you

All I wanted was you

Now I know I don't deserve to have a second chance
Oh but baby I've been saving up for one last dance
So forget who you knew
I am so tired of playing the fool
When all I wanted was you

All I wanted was you
All I wanted was you
All I wanted was you

I give up I give in
Because love always wins
And I'm not gonna fight it anymore
I am done playing games
We are one in the same
I know I've been a fool

But all I wanted was you
All I wanted was you
All I wanted was you

Only you only you...
