

## Last Night All My Teeth Fell Out

The Icarus Line

Too many days spent here  
I've two more before i start to decay  
Neck is swelling  
Time is draining  
Today i've made up my mind  
Tired of the up hill climb?  
Tired of using your mind?  
Hoplessly faked into complete stall  
Nothing matters  
Nothing matters at all  
Love when cramped  
Cramped when i'm loved  
Forever destined to slowly plunge  
For now, i'll put a end to you
