

Meatmaker

The Icarus Line

Trying to get clean just kept him out
You know you lose your head when you fuck with that stuff
Time time time time he got the most
Time time time time he got the most
Got Loaded, got locked up agian
He said he dosnt have any real friends
Get Loaded got locked up agian
He dont have any real friends
He'll talk about choking you in our sleep
His momma dont want him around her kids
Time time time time he got the most
