

Baby Don't Burn

The Icicle Works

(McNabb)

Baby don't burn your bridges now,
Remember how you came here yesterday,
Baby don't burn your bridges now,
You're only what you run from anyway.

Baby don't burn
If you find your heart is breakin'
Faster than the love you're makin'

Baby don't burn your bridges now,
Remember how you want it when it's gone
Baby just learn, love ain't long,
Y'gotta get out fast when things go wrong.

Baby don't burn
If you find He can't deliver
Just across a tiny river,
Don't forget the way to get back home.

I was cold last night
I slept inside your empty room,
Thought I heard you,
Heard the sound of the wind,
Play the chimes on your door...

Baby don't burn
You're crazy now, Your dreams forgive ya,
Funny how they're always with ya,
Don't forget the way to get back home...
