

Hollow Disposition

The Illumination

What you hide underneath, just under the surface.
Leaves me empty inside, with nowhere left to go.
We're all afraid to die alone.
We all fear the unknown.
What leads us into the light is just us letting go.
Fall back and let the dead embrace you.
I know why you can't sleep at night.
I can't change the way you think,
the things you hate
or your broken faith.
A soul among us is all you'll ever be.
Another set of bones, a ship that's lost at sea.
When will you learn there's no such thing as home without someone to love?
He's not coming back, he's not coming for you.
Your savior is never coming back.
What you've become has made him disappear.
So many eyes are watching me.
I can feel my skin burning.
Where is your savior now?
Your savior is never coming back.
