

Whenever I Speak His Name

The Imperials

All around there's hurried confusion
The cares of life are pressing in
All through the day,
They try to steal my faith
With words that hurt and deeds that block my way
Ah, but that's when I remind myself who's child that I am
And inside me there is strength to overcome
And then I speak His name and the tension breaks
And His love flows as a song to my heart

Chorus

Whenever I speak His name, I call upon His name
And all the burdens of my heart... they roll away,
I just breathe His name... I call upon His name
And all the cares of this world... They roll away
If God is for me, who can be against me?
Whom shall I fear with God on my side?
You see, Jesus and me, we are a majority...
And no matter how big the mountain, it'll have to leave,
Oh, so why should I be troubled and have anxiety,
And let life's little problems bother me?
Because He lives, I have His strength... And because He is that
assures my victory!

Chorus

Whenever I speak His name, I call upon His name
And all the burdens of my heart... they roll away,
I just breathe His name... I call upon His name
And all the cares of this world... They roll away
