

In The Fields

The Inchtakatable

My days are blue, inspired by the howling sea
Valleys of waves `round me and you
Listening your steps, i`m walking further and further to the en
d
What`s going on behind the heaven
Is it dark or is it bright

Beats in the ground, below me reaching my knees
Delete the black `round me and you in the fields
We are the lust
Let`s climb up further and further to the top
Let`s kill the fear inside you and me
