In The Fields

The Inchtabokatables

My days are blue, inspired by the howling sea Valleys of waves `round me and you Listening your steps, i`m walking further and further to the en d What`s going on behind the heaven Is it dark or is it bright

Beats in the ground, below me reaching my knees Delete the black `round me and you in the fields We are the lust Let`s climb up further and further to the top Let`s kill the fear inside you and me
