The Inchtabokatables

Nobody's able to call me a fool
I'm just as tall as I want to be
So take your explanations and let me be me
I'm not impressed 'bout what you're saying
So shut your mouth, shut your mouth
I believe only what I see

My eyes

Nobody's able to call me a fool
I'm just as tall as I want to be
So take your explanations and let me be me
I'm not impressed 'bout what you're saying
So shut your mouth, shut your mouth
I only can believe, hey, what I hear

```
My eyes, my eyes, my eyes
My ears, my ears
My eyes, my eyes, my eyes
My ears, my ears
My eyes, my eyes, my eyes
My ears, my ears
My eyes, my eyes, my eyes
My eyes, my eyes, my eyes
My ears, my ears
```

I only can believe what I see
I only can believe what I hear
I only believe so what I see
I only can believe what I hear
I only believe what I see
I only can believe what I hear

My eyes, my eyes My eyes, my eyes My eyes, my eyes My eyes, my eyes
