

You Chained Me Up

The Inchtobokatables

I am waiting for you lonely every morning
I've been hung up for you like this now for days
I am waiting, waiting every morning

I've been giving you my twisted mixed emotions
You've been tying me in twisted golden chains
I am waiting, waiting every morning
I am waiting, waiting every day

You chained me up
Bound by a love so black
You chained me up again
Sent in an emotional dive

You chained me up
Can't seem to turn my back
You chained me up again
Now it's the future I fear

Na na nana
Na na nanana
Na na nanana
Na na nananana na

Na na nana
Na na nanana na
Na na nanana
Na na nananana

I am crawling and you stand and watch me smiling
Only shackled am I face to face with you
I am waiting, waiting every morning

I am confined to your bed from night to morning
Only there I see your love come shining through
I am waiting, waiting every morning
I am waiting, waiting every day

You chained me up
Bound by a love so black
You chained me up again
Sent in an emotional dive

You chained me up
Can't seem to turn my back
You chained me up again
Now it's the future I fear

Na na nana
Na na nanana
Na na nanana
Na na nananana na

Na na nana
Na na nanana na
Na na nanana
Na na nananana

Na na nana
Na na nanana
Na na nanana
Na na nananana na

Na na nana
Na na nanana na
Na na nanana
Na na nananana
