

# No More To Leave You Behind

The Infamous Stringdusters

Riding at night through the wind and rain.  
Trying to find my way home.  
This weary traveller's been gone to long.  
I return, never more to roam.

I've seen big city lights and miles of highway.  
White lines they never seem to end.  
But they light the way to a beautiful place  
Back to see my best friend

And this road is lonesome and I'm feeling blue,  
And I can't get you off of my mind.  
When I get back, babe, I'm gonna stay,  
No more to leave you behind.

The silhouette of tree tops they flash by the window.  
Been down this road a hundred times before.  
I can drive it in my sleep from here to our cabin.  
The sign says just twenty miles more.

The road I travel, it leads to your door.  
You know that's where I wanna be.  
Now I can see a light in the window of a cabin.  
And a little girl that's waitin' there for me.
