

## Starry Night

### The Infamous Stringdusters

On a starry night, down in Virginia  
I fell in love with a blue eyed girl  
Her kiss was warm, her touch was tender  
The sweetest one in all the world

At night I dream about her  
In my dreams, she holds me tight  
and when the clouds roll in at twilight  
I sit and dream of a starry night  
Second Verse

Then one day down in Virginia  
My blue eyed girl she went away  
I miss her love, I miss her Kisses  
I'll always mourn that cloudy day

Now if you're goooiin' to Virginia  
Don't be fooled by a blue eyed girl  
A starry night could leave ya dreamin'  
Of the sweetest one in all the world
