

Awesome God

The Insyderz

When He saw what had to be done
He sent His one and only son
Our God is an awesome God

He was sent from up above
To tell us of His undying love
Our God is an awesome God

When His blood shed that day
He took and washed my sins away
Our God is an awesome God

Greater is He that is in me
Than He that is in the world
Our God is an awesome God

Our God is an awesome God
He reigns from heaven above
With wisdom and power and love
Our God is an awesome God

Our God is an awesome God
He reigns from heaven above
With wisdom and power and love
