

I've broke away from a lot of things  
That I thought would improve my life  
But the one thing taht im sure of is my love for Jesus Christ  
Big car, big house, big bank, but still empty insyde  
I may not be a superstar  
But there's some things money can't buy  
A carefree attitude is what I leave the house with everyday  
Because I know if mountains come  
They'll be moved from my way  
I believe in Him with every ounce of faith in me  
All my chains will break and I will be set free  
Because He is the one  
I'm guaranteed to have fun  
If problems come  
I will not run  
No damage will be done  
(2x)  
I go on with my life and let Him live through me  
Try to set good examples so outsiders can see  
You don't have to find your answers  
In the smoke from a toke  
Cause Jesus Christ my savior is the only way to go  
I know when I die I'm gonna leave this chunk of dirt  
And go to a place with streets of gold  
Like nothing seen on earth  
You can sit and cry or you can come with me  
All you have to do is ask of Him and He will set you free
