

My Father is the King but I already know this  
The light of my life, to Him weary eyes focus  
Hung on the cross for the whole world to see  
I have the light of the world burnin' insyde of me  
He let the lame to walk and the blind to see  
A little fish and some bread, a million people to feed  
Three days later he arose from the ground  
You can knock us over, but we won't stay down  
We're like weebles, but we won't stay down  
You better listen up good, we ain't fooling around  
We're like weebles, but we won't stay down  
I once was lost but now am found  
He's the Miracle Worker, the great I Am  
Known for many throughout the land  
He talked to people about what was right  
To save my soul, His life was sacrificed  
He saved my soul from a darkened life's end  
Always with me He defined a true friend  
He opened his hands and let love run free  
I stood in the sun and let it pour on me
